Dear Sirs,

The Fauquier Aero Recreation Modelers are applying for an event permit with Fauquier County Development Commission to hold a charity fundraising event on Lake Ritchie on Saturday 10/04/08.

As this is our 4th year conducting this event, we expect as many as 125 pilots and spectators. The parking for this area is ample and there is a successful history of gatherings at the Lake Ritchie Pavilion. We trust our activity of flying model airplanes off water will once again be a safe and enjoyable day for all concerned. Please be advised that this is a well known hobby activity conducted by the Fauquier Aero Recreation Modelers on a daily basis as an insured club, chartered by the Academy of Model Aeronautics. This event is a private gathering on private property for private activity. Members of the public, however, are not prohibited from attending, and those that do, are not charged any type of admission. This a non-publicized event held to benefit Pilots for Christ International, a pilots group flying medical mercy missions at no charge to the needy.

Should you have any questions or the need to contact me, you may reach me at Soggie Bottom Paintball and RC in Culpeper, Tuesday through Friday, 2pm-6pm at 540-829-6203 or at my home number of 540-937-7683.

Sincerely,

Vincent Tabacco
